● ABOUT ME

Results-driven Computing and Statistics graduate and AI/ML Engineer Intern with hands-on experience building scalable backend architectures, data pipelines, and predictive models. Proficient in developing Python-based RESTful APIs, optimizing PostgreSQL databases, and executing end-to-end machine learning workflows. Adept at bridging software engineering and data analytics to solve complex technical challenges, optimize operational processes, and deliver high-performing solutions across cross-functional teams.

● SKILLS

think analytically | create solutions to problems | work as a team

Technical Skills

machine learning | Python | Java | R | SQL | software frameworks | perform data analysis | design application interfaces | Design Pattern (MVC, Singleton...) | ONNX Runtime

Tools

Git | Microsoft Excel | Microsoft Power BI | Docker containers | RabbitMQ | PostgreSQL

● WORK EXPERIENCE

09/03/2026 - 09/09/2026 - COLOMBO, SRI LANKA

INTERN - AI/ ML ENGINEERADEONA TECHNOLOGIES

- Engineered Python microservices and containerized backend infrastructure using Docker, PostgreSQL, and RabbitMQ to manage scalable data pipelines and asynchronous messaging.
- Developed RESTful APIs to deploy machine learning models, executing end-to-end training and feature engineering workflows in Google Colab.
- Minimized deployment latency and accelerated inference speed by utilizing Knowledge Distillation for model compression and ONNX Runtime.

● EDUCATION & TRAINING

09/10/2022 - 26/07/2026 - KULIYAPITIYA, SRI LANKA

BACHELOR OF SCIENCE (JOINT MAJOR) IN COMPUTING & INFORMATION SYSTEMS AND STATISTICS - WAYAMBA UNIVERSITY OF SRI LANKA

Artificial Intelligence & Distributed/Cloud Computing
Database Management Systems & Object-Oriented Programming
Data Structures, Algorithms, & Software Engineering
Regression Analysis, Time Series Analysis, & Stochastic Processes
Digital Electronics & Analogue Electronics (with Laboratory Practicals)

27/09/2025 - 01/11/2025 - COLOMBO, SRI LANKA

PYTHON ESSENTIALS FOR DATA SCIENCE CERTIFICATE - UNIVERSITY OF COLOMBO, CDS

Data Manipulation & Visualization, Machine Learning, Python programming, Working with data science libraries (Pandas and NumPy), Data preprocessing and analysis

ADVANCE LEVEL - NALANDA COLLEGE COLOMBO -10

Physical Science stream | Results: C, C, S

G.C.E. Ordinary Level | 9 A Passes

● **PROJECTS**

05/10/2025 - 26/07/2026

Resume Job description matching system for efficient recrements | Final-Year Research |

Domain: Natural Language Processing | Tech Stack: Python, BERT, LLMs

- Developed an NLP pipeline to automatically align resumes with job descriptions.
- Optimized semantic ranking and text classification with explainable model evaluation.

07/09/2025 - 26/01/2026

AI Based Crop Recommendation System-Agriculture | Group Project (Lead) |

Domain: Mobile AI | Tech Stack: Python, Flutter, Figma, Pandas, NumPy

- Fine- tuned an LLM using preprocessed datasets to generate crop disease insights.
- Engineered a backend chatbot to integrate the AI model directly with the mobile UI.

24/03/2025 - 01/09/2025

IoT-Based Environmental Monitoring & Safety System | Group Project |

Domain: Embedded Systems | Tech Stack: ESP32-CAM, C++, IoT Sensors, REST APIs, Firebase

- Engineered an ESP32 multi-sensor unit to capture real-time environmental and location telemetry.
- Programmed automated data validation to securely stream live readings to a cloud dashboard.

22/09/2024 - 31/01/2025

Inventory Management System (Rapid Application Development) | Pair Project |

Domain: Desktop Software | Tech Stack: C#, WinForms, SQL Server, MySQL

- Co-developed a desktop application to manage inventory and track stock in real-time.
- Engineered secure database connections utilizing SQL Server and MySQL.

● **LANGUAGE SKILLS**

Mother tongue(s): **SINHALA**

Other language(s): **ENGLISH - PROFESSIONAL WORKING PROFICIENCY**

● **VOLUNTEERING**

01/01/2026 - 07/01/2026 Wayamba University of Sri Lanka Kuliyapitiya

Organizing Committee Member 17th ASBIRES (2025)

Managed venue logistics and provided operational support for the 17th ASBIRES, ensuring a seamless research symposium for academics and undergraduates.

● **LEADERSHIP & EXTRACURRICULAR ACTIVITIES**

10/03/2025 - 16/03/2026

Captain - University Swimming Team

Led the Wayamba University Swimming Team as Captain during the competitive SLUG 2025 Championship and successfully coordinated the 2026 Inter-Faculty Swimming Meet.
